## Share your thoughts at our Speakers' Corner!

We've launched an interactive digital kiosk on-site where you can learn more about the project and record a video of your feedback for RNDQRS's Project Team.

## Join us at our upcoming Information Session to learn more about proposed change in your community.

**SITE ADDRESS** 1230 + 1234 9 AV SE

**SITE CONTEXT** The Site is within the community of Inglewood and the boundaries of the Historic East Calgary Area Redevelopment Plan (ARP), currently in draft form.

The current land use does not support a proposal for a mid-rise development of 12 storeys and will require a land use (zoning) change and ARP Amendment to accommodate the redevelopment vision.

## DEVELOPMENT VISION

RNDQRS BLOCK is proposed as a mid-rise building that includes a hybrid between apartment living and boutique hotel combined with co-working, event space, and a main street retail experience.
